

SOL ☐

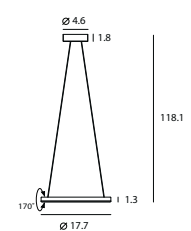

By Kuo, Keng Dian, 2019

SOL collection is low-key design with elaborate consideration, consists of pendant, table lamp and even bow lamp type. SOL's ring-like lampshade is finely affixed to a metallic luster balance bar, demonstrating the definition of understated luxury. The adjustable ring tilt allows the pendant to function almost like a planet floating on a track of stars. Invisible LED strip makes the light source impeccable, with a gradual dimming capability, rendering it possible for you to re-create your own personal sunrise and sunset.

The SOL bow lamp, an extension of the SOL series. Produced in carbon fiber, SOL bow lamp is undoubtedly a product that is sturdy, every inch resilient in structure and ideally completing the original idea from designer.
